WORK EXPERIENCE

07/2015 - 08/2015 - Tallin, Estonia

Erasmus - Android Developer

WebIdea

My first working experience and I got the chance to do it in Estonia thanks to the Erasmus+ project from my school.

I helped during the development on the Android app NaviMon, by integrating new features and new menus for the app. I also helped polishing the already working features.

I basically got my first experience of mobile development, version control and people relationships.

Tallin, Estonia

09/2015 - 10/2015 - Rivalta Scrivia, Italy

Internship - Electronic Engineer

Eurotek

Maintenance, assembly and repairing of electronic devices such as power supplies and network filters.

I also helped in the warehouse management section.

Rivalta Scrivia, Italy

09/2018 - 12/2018 - Alessandria, Italy

Part Time - Assistant Librarian

University of Eastern Piedmont's library - DISIT

Alessandria, Italy

11/2019 - 02/2020 - Tortona, Italy

Internship - Artificial Intelligence Engineers

Dedagroup

I have worked in the Artificial Intelligence field, with particular attention to training, inference and development of a neural network used in object detection systems.

In particular I worked with IBM's Power AI Vision software to develop the network, but also with Python-Tensorflow-OpenCv to run the inference of said network on a device, in this case a single-board machine(RaspberryPi) + Intel Neural Compute Stick for lower inference time.

The final project it's the main subject of my graduation thesis.

Tortona, Italy

07/2020 - 08/2020 - Tortona, Italy

● Software Developer

Dedagroup

Similar to my university internship but this time as a freelancer.

I helped during the development of another NN, also used for real-time object detection.

EDUCATION AND TRAINING

2016 - CURRENT - viale teresa michel, Alessandria, Italy

● Bachelor's Degree

University of Eastern Piedmont

I'm currently attending the University of Eastern Piedmont, where I have 3 exams left to take. For various reasons in my life I decided to take a break from it, feeling that I already took everything that this University had to offer me. During the years I studied here, worked for different months as a Library Assistant while following my courses and, most importantly, got my thesis done on a project I worked during my University Internship.

Current grade : 93

Field(s) of study

- Computer Science

<https://www.uniupo.it/>

09/2011 - 06/2016 - Tortona, Italy

● Diploma - IT and Telecommunications

Istituto statale Guglielmo Marconi - High school

During my 5 years there I took the ECDL certificate and took part of the Erasmus+ project that let me and other students have a work experience for 5 weeks in a different European country, in my case Estonia. I also had another work experience as my pre-diploma mandatory internship.

93

01/10/2018 - 31/10/2018 - Italy

● Certificate of participation in the Samsung Innovation Camp

Samsung Innovation Camp

Introduction to cyber security, digital marketing, business models and modern technologies.

2014 - 2016 - Tortona, Italy

● ECDL Certificate

Istituto statale Guglielmo Marconi

07/2015 - 08/2015 - Tallin, Estonia

● Certificate of participation in the Erasmus+ working program

European Commission - Erasmus+

Worked in Estonia and lived for 5 weeks with a group of other students.
